Abstract

Deliverable D6.1 involves the creation of a website for the project.

Project Website

The website for the TWEET-IE project : Twin Wind tunnels for Energy and the Environment - Innovations and Excellence under the HORIZON-WIDERA-2021-ACCESS-03-01 call with Project number 101079125 is active at the address <http://www.tweet-ie.eu/index.php>. The domain name has been acquired and ensured for a period of 10 years.

The website includes , among others, an animated version of the project logo, reference to EU funding, an explanation of the project goals, objectives and activities, as well as recent news and events. There is a separate partner space as well as provision for visitors' subscription to a mailing list (see Figure 1 for sample images)
